

# 3SIXTY ACADEMY

## 2025 COURSE CATALOG

CONTINUING DENTAL EDUCATION  
FOR ALL SKILL LEVELS

Founded in 2020, 3Sixty Academy is 3Sixty's way of giving back to the dental community.

We understand how challenging it can be for you to stay up to date with the latest technology and evidence-based best practices in a rapidly evolving dental industry.

So we are proudly committed to supporting your career trajectory by offering a wide variety of clinical seminars, live-patient programs and online courses.

No matter what career stage you are at, our programs will help you make progress in the right direction. Whether you are an experienced practitioner or an early-career dental professional, you can take your skillset to the next level.

All skill levels are welcome!

**"These are the people  
you have to be with if you  
want to learn how to do  
big cases. It's  
mandatory."**

**Daniel Schaeffler, DMD**

General Dentist | Philadelphia, PA

## Nathan Doyel, DMD, FAAID, DABOI/ID

Dr. Nathan Doyel graduated from OHSU dental school in 1997 with honors. He has been honored as a “Top Dentist” in Oregon for many years and is the founder of Deserving Smile, a not-for-profit organization dedicated to reconstructing entire smiles for deserving individuals.

He has been an innovator with the “Trial Smile”, a technique developed for full mouth reconstruction to ensure ideal results. Dr. Doyel also has extensive training in sinus lifts, bone augmentation, bone expansion and grafts, guided surgery, periodontics, periodontal therapy, gum grafts, and laser therapy. Dr. Doyel is a Fellow with the AAID and Diplomate with the ABOI/ID.

## Marcelo Silva, DDS

Dr. Marcelo Silva was born in São Paulo, Brazil where he attended dental school and acquired his first degree in dentistry. After graduation, Dr. Silva relocated to the US and received his second DDS degree at the University of Southern California.

He then went on to pursue post-doctoral training in prosthodontics at Augusta University. Following his residency, Dr. Silva started a fellowship at the Ronald Goldstein Center for Esthetic and Implant Dentistry directed by the world-renowned Dr. Gerard Chiche.

## Robert Carvalho Da Silva, DDS, PhD

Dr. Robert Carvalho da Silva received his dental degree from Uberlândia Federal University in 1994. He acquired board certification in Periodontics at the Brazilian Dental Association in 1997, and completed his Master’s and PhD degrees at Piracicaba Dental School, Campinas University in 2002 and 2004 respectively.

He is a professor at the ImplantePerio Institute for research and advanced dental training in São Paulo. He published several peer-reviewed papers and textbook chapters on periodontal tissue management around teeth and implants.

## Toni Salama, DDS

Dr. Toni Salama earned her bachelor's degree in biological sciences at Binghamton University and received her Doctor of Dental Surgery at Stony Brook University School of Dental Medicine. She then went on to complete a 3-year post-graduate residency at New York University where she specialized in Periodontics and Implant Dentistry.

During her residency, she received world-class training in treating complex cases, implant placement, and full-mouth rehabilitation. Dr. Salama is a diplomate of the AAP and an active member of the ADA. In 2021, Dr. Salama was recognized as one of the Top Female Doctors in the country.

## Omid Kiarash DMD, MSD, Dip. Perio., ABP

Dr. Omid Kiarash completed his Postgraduate specialty training and Master's Degree in Periodontics and Dental Implantology from Case Western Reserve University. He is a Diplomate of the American Board of Periodontology.

Dr. Kiarash has served as the Director of the Department of Periodontics at McGill University. He is currently the President-Elect of the Canadian Academy of Periodontology and the co-organizer for the Annual Scientific Session. His contributions to academia have been recognized with the prestigious American Academy of Periodontology Award for Excellence in Teaching. In addition to his academic roles, Dr. Kiarash is the Study Club Director for the "Montreal Rive-Sud" ITI Study Club.

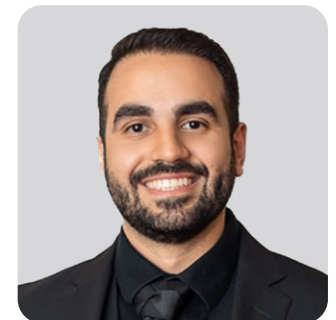

## Dr. Faraj Edher, DDS, MSc, Dip. Pros, FRCD(C)

Dr. Faraj Edher is a Specialist in Prosthodontics and the Founder of Transcend Specialized Dentistry; a multi-specialty clinic in Vancouver. He received his Masters in Craniofacial Science and postgraduate specialty training in Prosthodontics at the University of British Columbia.

He is a Clinical Assistant Professor at the University of British Columbia, a Fellow of the Royal College of Dentists of Canada, and an active member of the American College of Prosthodontists, Association of Prosthodontists of Canada, and the Canadian Association of Restorative Dentistry and Prosthodontics.

Dr. Edher is the Founder of the BC Dental Study, one of Canada's largest dental study clubs, and the Director of the Digital Dentistry Institute, a global educational organization that conducts comprehensive training programs in digital dentistry and implant dentistry. He regularly gives presentations, seminars, and workshops, both locally and globally, on digital dentistry, implant dentistry, treatment planning, and full-arch rehabilitation.

## 2-DAY HANDS-ON SEMINAR

# Digital Guided Surgery from Diagnosis to Delivery

16 CE

How accurate is guided surgery? What does the research prove? If I routinely perform single implant placements, how complicated is the jump to predictable All-on-X full-arch therapy?

Whether you're a beginner or have been performing guided surgery for years, this comprehensive 2-day course is designed to bring you up to speed with the clinical research and innovations in the field. Through step-by-step demos, you'll learn diagnosis, treatment planning, digital workflow, prosthetically-driven implant placement and immediate loading of provisional prostheses.

## ► PROGRAM OBJECTIVES

- Get a summary of guided versus freehand surgery research.
- Learn key diagnostic tools and case selection criteria.
- Discover how to preplan cases to limit complications and how to manage if they arise intraoperatively.
- Engage in 2 days of hands-on demos, going from simple cases to All-on-X therapy.
- Master the prosthetic workflow for immediate loading.

## PROGRAM LEAD

Nathan Doyel, DMD, FAAID, DABOI/ID

## ► WHO IS THIS PROGRAM FOR?

This program is designed for both general dentists who would like to expand their skill sets as well as specialty clinicians interested in learning a streamlined workflow to reduce their overall turnaround time.

## ► WHAT DENTISTS ARE SAYING

"I've done hundreds of All-on-X cases. Yet, I was still able to learn new things that I could do to stand out and do a better job for my patients."

**Tyler Sorensen, DMD**  
New Britain, PA

"The course was informative, covering all necessary aspects of All-on-X implant placement and restoration."

**Gibson Bartelus, DDS**  
New Bedford, MA

"I've done hundreds of All-on-X cases. Yet, I was still able to learn new things that I could do to stand out and do a better job for my patients."

**Mohammed Asim, DDS**  
Chicago, IL

► REGISTRATION FEES: \$2,499

The registration fee covers full access to the program’s lectures and hands-on sessions, required tools, and food and beverages for the two days.

## 4-DAY FULL-ARCH IMMERSION PROGRAM

### All-on-X Extravaganza

24 CE

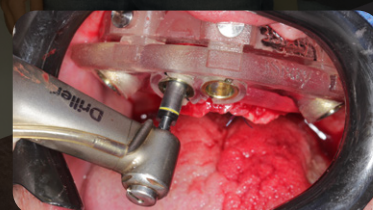

LIVE  
PATIENTS

Are you ready for a CE experience that combines practice and adventure? Look no further than the one-of-a-kind All-on-X Extravaganza in Brazil — with LIVE PATIENTS!

Master the art and science of full-arch implant rehabilitation using All-on-X treatment modality. Practice live surgery from A to Z with one-on-one clinically supervised training on complex cases. Come join us in beautiful São Paulo for 4 days of immersive clinical sessions with world-class dental educators and fellow full-arch aficionados.

#### ▶ PROGRAM OBJECTIVES

- Engage in 4 days of live surgery.
- Appreciate the importance of prosthetically-driven treatment planning .
- Practice both freehand and guided surgery.
- Master chairside conversion for immediate loading.
- Hone your technique with 2 dedicated mentors per participant.

#### ▶ INSTRUCTORS

Marcelo Silva, DDS

Robert Carvalho Da Silva,  
DDS, PhD

Toni Salama, DDS

#### ▶ WHO IS THIS PROGRAM FOR?

This program is designed for all members of the full-arch rehabilitation team including general dentists, oral surgeons, restorative dentists and periodontists. Some implant experience is required. This program is considered the next step for our hands-on course attendees.

#### ▶ WHAT DENTISTS ARE SAYING

"I found more than I expected. We covered the entire spectrum of All-on-X cases. It was above and beyond!"

**Khal Mancini, DDS**  
Los Angeles, CA

"I had guidance from extremely qualified people like Dr. Silva and I was able to do some complex cases with very satisfying results for the patients."

**Dennis Anithottam, DMD**  
Edmonton, AB

"I would definitely recommend this course to any specialists or general dentists because it makes the workflow really simple."

**Amar Mahdi, DDS**  
Sacramento, CA

## ► REGISTRATION FEES: \$15,000

The registration fee covers transportation from the airport to Santos, where teaching activities take place, and back. All the surgical kits and tools are covered as well as food and beverages for the whole stay.

## ► UPCOMING DATES & LOCATIONS

## 2-DAY HANDS-ON SEMINAR

# All-on-X Prosthetic Workflow: Chairside Conversion

16 CE

Learn and practice advanced immediate-load principles and concepts of digitally-guided full-arch rehabilitation using fixed, implant-supported restorations.

Experience a streamlined protocol that encompasses digital treatment planning, intraoral scanning, guided implant placement, stackable surgical guides, multi-unit abutments, and provisionalization. Plus, get valuable insights on All-on-X marketing including effective strategies for increasing case acceptance.

LEVEL  
II

## ► PROGRAM OBJECTIVES

- Implement digital treatment planning for full-arch restorations with the ultimate treatment outcome in mind.
- Understand the indications and methods for immediate loading.
- Determine suitable restorative protocols based on different fixed material options.
- Manage potential surgical and restorative complications.
- Master chairside conversion along with your dental assistant.

## ► UPCOMING DATES & LOCATIONS

May 16-17, 2025  
Phoenix, Arizona

## 2-DAY HANDS-ON SEMINAR

# Advanced Sinus Lifting & Grafting

16 CE

LEVEL  
II

Sinus lifting is vital for patients with posterior maxillary resorption. This procedure allows reconstruction of the atrophied region, increasing bone height for placing implants.

In this Level 2 advanced course, you will learn treatment planning and surgical approaches to vertical sinus augmentation for single implant placement. The course will be delivered through lectures, hands-on training sessions on models and pig head cadavers.

### PROGRAM OBJECTIVES

- Evaluate CBCTs for bone assessment.
- Master treatment planning of missing upper posterior teeth.
- Learn how to manage sinus membrane perforation.
- Differentiate between lateral wall approach and crestal approach for sinus lifting.
- Understand selection and application of graft materials.

### PROGRAM LEAD

Nathan Doyel, DMD, FAAID,  
DABOI/ID

### WHO IS THIS PROGRAM FOR?

We recommend this program for participants who have practical implant and oral surgery experience and/or participants who completed the Level 1 course, Digital Guided Surgery from Diagnosis to Delivery.

### REGISTRATION FEES: \$3,499

The registration fee covers live lectures, hands-on sessions, recorded live surgery and all workshop materials as well as breakfast, lunch and coffee breaks. Clinicians are also encouraged to bring along their assistants so they can participate as a team.
